Dear Parents/carers

### Random Acts of Kindness Week

All around the world people are trying to spread kindness around their workplaces, schools and neighbourhoods. So this week we will be encouraging the children to join in with them and attempt a random act of kindness. A random act of kindness can be a gift of words, flowers, cakes or biscuits which is given anonymously just to make the receiver happy and smile!

During worship we have shared ideas and they have thought about what they could do to spread a little happiness. We have told them that they must discuss whatever they are planning to do with an adult and not go anywhere alone.

We hope that you will support your child with this as they try to make a difference and bring happiness to those around them, don't forget you can join in too!

Our school Bible verse supports this week of kindness .

We show **love** and compassion for others by truly helping them, and not merely talking about it." ( John 3:18)

Mrs Swansbury

Church Distinctiveness leader
