Dear Parents/Carers,

As part of our Year 6 PSHE (personal, social and health education) and Science Curriculum, we will be teaching a unit on sex and relationships in the week beginning 6th July. The objective of this unit is to help and support the children through their physical, emotional and moral development.

The unit will be taught through open discussion after watching a video. Children will also be given the opportunity to discuss issues confidentially with their class teacher. We also aim to give the children some leaflets about puberty produced by the NHS Health Promotion Service.

If you would like to view the video or see the leaflets before this unit is taught, we will be available after school on Tuesday 23rd June. If you have any concerns or queries, please do not hesitate to contact any of the Year 6 teachers.
