Dear Parents/Carers

I am writing to advise you that we are supporting some students this year who are training for their Post Graduate Certificate in Education, with Christ Church University. Two of these students are carrying out their 'Enhanced Studies Research' in our school, as part of their degree training.

They will be organising activities with children across the school, making observations, and collecting samples of work. All evidence collected will only be used by the student and the University for the sole purpose of their research. The children will remain anonymous with no names being used at any time. If any photographs are taken these will be to evidence the activity, or the work produced and the children will not be visible in these.

As a school we will fully support and facilitate this process for the students and I felt that as parents/carers you should be advised of this. Should you have any worries or concerns regarding this please do not hesitate to contact me.

Yours sincerely

Mrs Stella Collins
