Dear Parents/Carer

As you would have seen in the school bulletin the school have recently sign up for Spellodrome, which is similar to Mathletics, and designed to support the children with their spellings. Rather than setting a weekly task for them we have given children access to the sounds and spellings they will be learning in Read, Write Inc for the term. These will generally change termly as the children progress through the program but there may be cases where they change more frequently due the speed in which the children are learning the sounds. The program has a range of games for the children to play and designed to make spelling more fun and interactive.

The children will generally learn or recap a new sound each day and they do their spelling alongside this in their Read, Write Inc groups. The children will NOT be having a weekly test and if you feel the spellings your child has been given are too difficult please speak to their class teacher.

Their Spellodrome login will be coming home in their book bag and is the same as their Mathletics sign in.

We hope the children enjoy practising and playing on the spelling games.

Many thanks

Year 1 teachers
