

Heroic Handballers

On the 26th April 2017, 5 chosen pupils took place in a handball competition in the sports arena at Herne Bay High. Kindly, the school, who prides itself in sports, offered to deliver the children. The young athletes were : Fionn Cox, Archie Burford, Jack Robbins, Sophie McHenry and Isabel Spendiff.

The teams were put into groups of five, where they battled it out for a place in the final four. Just before Reculver entered the ring, they were told that the school that won would have a chance to compete against the best teams in the county. Unfortunately, the ambitious children got off to a slow start and lost their first match 7-1.

However, the team which they played were the team who eventually won the tourna-

ment (Herne Hill).

Despite the let-down , they managed to win the next two matches 9-1 and 5-4. But, despite being the joint top scoring runner-up (the top scoring second placed team got through), they were knocked out on goal difference and, therefore, were put through to the second group. Despite being in amazing form, they lost their first match in group 3-2. However, once again, they turned

around form and won 6-2 and 11-0. After a great performance, Reculvers' newly made handball team came 6th overall. Jack Robbins commented on the experience, " I think that the team did splendid as this was their first time playing handball."

Amazing Amazon!

This term year 3 and 4 have been learning about the amazing Amazon .We did this to help us with our amazon dioramas. Here are some animals we have been learning about.

Black Caiman

Black Caiman live in slow flowing rivers and large marshes. Their diet consists of

piranha's, water birds, capybara and freshwater crabs. They are large aquatic predators that are very big. They can even eat deer and tapir.

Spider Monkey

Spider monkeys don't physically drink. They get water from all the juicy fruits they consume. They live in the upper canopy of the Amazon rainforest. Only very rarely do they come down to the forest

JAGUAR

Jaguars are sometimes called the phantom cat because they are well camouflaged and they are

hard to see. The jaguar is a brilliant climber and is well adapted for life in the trees. Their diet varies from, lizards to black caiman and lots of others. A jaguar's jaw is so strong that it can break a tortoise's shell to get to the soft flesh inside.

By Joshua Poole, Harry Harrison and Harry Robbins

Quick Quiz!

1. What is the rarest animal in the Amazon ?
2. What piranha is most likely to attack ?
3. What is the largest beetle in the Amazon ?
4. How big can the giant anteater grow to ?
5. How long is the Amazon river?
6. How long can an iguana grow up to ?
7. When do jaguars stalk their animals ?
8. What types of piranha are there in the Amazon ?

Take my advice....

Dear Uncle Mitchel,

My friend Bob has very bad breath but I don't know how to tell him without hurting his feelings. Please help me!

Dear Friend,

I think you should offer him a breath mint and say use them regularly. Alternatively squirt toothpaste in his mouth and leg it.

EXCLUSIVE!

For the first time ever, one of our Revolver Times reporters sorts out your tricky and embarrassing problems with his no-nonsense advice. If you need help – just *Tell Mitchel!*

Tell Mitchel!

Dear Uncle Mitchel,

My good friend Jeff won't stop talking and I don't want him to be angry with me. What shall I say to him?

Dear Good Friend,

Hhhmmm. A difficult one. Shout "Be quiet!" in his face. If that doesn't work, replace his toothpaste with superglue.

Thank you Mitchel (and Charlie Neale, with his behind the scene's inspiration)—we appreciate your straight-talking! Joking aside, the best way to sort out these situations is to use our School Values of Love, Forgiveness, Love, Perseverance, Hope and Compassion. Guaranteed to provide you with a peaceful solution where nobody's feelings get hurt. We look forwards to more of your wisdom next edition!

Magical Mystery Mr Ware

Magical Mr Ware supports Liverpool and if you brought him a ticket he would go bonkers! He runs multiple clubs and he runs the Reculver football team. He is also the Sight Manager. We asked him some probing questions:

1. What is his favourite sport?
2. If he could choose any job what would it be?
3. If he could invent any flavour ice-cream, what would it be and WHY?
4. What's his favourite music?
5. Who's his favourite friend at school?
6. What is his favourite animal?

7. What is his favourite book?
8. If he had to choose any football team except Liverpool, who would it be?
9. What is Mr Ware's worst accident?
10. What is Mr Ware's most embarrassing moment?

We gathered some children to guess the answers and we found out who knew Mr Ware better. In first place was Riley. In second place, Jessica Harman. We think they enjoyed the quiz a lot. We chose Mr Ware because we thought he meant a lot in our school, we would like to thank him for what he has changed and done in our school. Results on the side!
